

## Statement of Peer review

In submitting conference proceedings to Knowledge E publishing, the conference editors confirm the following:

- They adhere to Knowledge E Policy on Publication Ethics and Publication Malpractice Statement
- All submitted conference papers have passed a peer review process conducted by the Chief Academic Editor of the conference
- Please provide a description of your conference peer review process, type (single-blind, double-blind, etc.), and state the total number of peer reviewers:

The manuscripts sent to the VI INTERNATIONAL CONGRESS OF SCIENCE TECHNOLOGY ENTREPRENEURSHIP AND INNOVATION 2019, are subject to review by the scientific committee of the DIRECTORATE OF PUBLICATIONS, the scientific committee will evaluate among other aspects: the originality, relevance, structure and clarity of the work.

### REVIEW PROCESS

For the review process, the Easy Chair Platform is used, which is responsible for organizing the presentation of works and their revision:

### STAGE OF RECEPTION OF ITEMS

- The call is made.
- Authors load the article on the Easy Chair platform.
- The scientific committee of the congress selects the review committee based on professional experience and the publications made.
- Selected reviewers are invited to be part of the review committee on the Easy Chair platform.

### REVIEW STAGE

- Assignment of articles to reviewers according to the area.
- Reviewers issue comments and grade of assigned articles.
- The Authors make the suggested corrections.

- Reviewers issue the final grade.
  - The grade is between 3 and -3, the minimum grade for the article to be selected is 1.5
- NOTIFICATION OF APPROVED AND REJECTED

- All the editors have taken all mandatory steps to ensure the quality of the manuscripts they publish, and their decision to accept or reject a manuscript for publication has been based only on the quality of the produced work.

Date and place: 24 al 28 de junio de 2019, Escuela Superior Politécnica de Chimborazo University.

Chief Academic Editor Name: Ing. Luis Flores, PhD.

Signature:

## Knowledge E Publication Ethics and Publication Malpractice Statement

Knowledge E makes every effort to ensure high quality scholarship in all published articles and conference papers on the Knowledge E Publishing Platform. The platform exists in order to share best practices and accelerate the advance of academic research from regions all over the world. In order to achieve this goal, we need to instill confidence in our readers.

## Peer Review

Each conference whose content is published on the Knowledge € Publishing Platform has undergone academic peer review prior to submission. Knowledge € checks each submitted paper against a set of criteria to ensure adherence to aims & scope, prevent ethical or legal concerns before agreeing to publish.

## Plagiarism

Knowledge € verifies the originality of every submitted conference paper submitted using Similarity Check <https://www.crossref.org/services/similarity-check/> (powered by iThenticate) to check submissions against previous publications. There is no strict limit or proportion of plagiarized content acceptable however, in cases where manuscripts are submitted for publishing on the Knowledge € Publishing Platform in which the Similarity Check detects more than 20% similarity then Knowledge € editorial staff ask the academic editor for an explanation and a suitable solution is found. The solution is usually either a re-submission or removal of the paper.

## Committee on Publication Ethics (COPE)

Knowledge € adheres the policies of the Committee on Publication Ethics (COPE, <https://publicationethics.org/>), which is a charity registered in the UK. It is concerned with the integrity of peer-reviewed publications in science, particularly biomedicine.

## International Committee of Medical Journal Editors (ICMJE)

Where relevant, Knowledge € adheres to the policies of the International Committee of Medical Journal Editors (ICMJE), including those that cover overlapping publications.
